

Rio Bravo Activity Center

January 2016

As a new year we would like to start with positive energy for our youth. I have included in this month newsletter our mission statement and our quote to set as reminder our commitment.

Rio Bravo Activity Center's Mission Statement:

The Rio Bravo Activity Center for youth development unleashes the potential of youth, to engage together in creating a just and equitable society. We have succeeded in our mission when:

- Community organizations are stronger, more willing, and able to pursue and share innovative solutions to age-old problems.
- People of all ethnic, racial, gender, class, educational, and geographic backgrounds gain recognition and sufficient support to contribute to youth development and youth civic engagement.
- The field of community and youth development is more diverse and responsive to the courage, competence, and dedication of underrepresented youth.
- Young people are viewed as valued resources and partners in every community, and they respond to their respected status by devoting their tremendous energy and focus to the pursuit of social and economic justice.

Rio Bravo Activity Center's Quote:

Children are the living messages we send to a time we will not see.

The staff at Rio Bravo Activity Center work on a monthly calendar to alternate different activities and events. Monthly calendar can be found on our website

www.webbcounty.org/riobravoactivitycenter . We take pride in our duties to serve our community and youth. Please call us at 956)728-1262 if your organization or nonprofit group would like to participate in events in the near future.
