

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County was established in 1848 and is a public corporation and a political subdivision of the State of Texas. The County has a population of 193,117 (2000 census) living within an area of 3,366 square miles. The County is sixth largest county of the 254 Texas counties. The County is in the southwest quadrant of the state, and the City of Laredo, Texas is the County seat.

The County operates using a commission form of government. The County Judge is elected at large for a four-year term. The Commissioners' Court (Court) is comprised of four members elected for four-year terms from four election districts. The Court provides various services to advance the welfare, health, morals, comfort, safety, and convenience of the County and its inhabitants. As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the County (the primary government) and its component units.

The financial statements of the County have been prepared in accordance with Generally Accepted Accounting Principles in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standard Board ("GASB") is the standard-setting body for governmental accounting and financial reporting. Pronouncements of the Financial Accounting Standard Board ("FASB") issued after November 30, 1989 are not applied in the preparation of the financial statements of the enterprise fund in accordance with the election made by the County under GASB Statement #20. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards, which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The County's significant accounting policies are described below:

For the reporting year, the County elected early implementation of GASB Statement #34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments."

A. REPORTING ENTITY

In evaluating the County as a reporting entity, management has addressed all potential component units (traditionally separate reporting entities) for which the County may be financial accountable and, as such, should be included within the County's financial statements.

The County (primary government) is financially accountable if it appoints a voting majority of the organization's governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial burden on the County.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

Additional, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Because of the closeness of their relationship with the primary government (the County), two component units are blended as though they are part of the primary government. The reporting funds of the Component Units listed below are included in the Special Revenue Funds section of the County's CAFR. These component units do not issue separately audited comprehensive annual financial reports. The only financial data available on these component units are included in the County's CAFR and may be obtained from the Webb County Auditor's Office.

Webb County Auditor
1110 Washington, Suite 201
Laredo, Texas 78040

Blended Component Unit The Webb County Community Action Agency (CAA) is an entity incorporated by the State of Texas. CAA's primary purpose is to take advantage of all Federal and State programs that are specially designed to aid and educate the underprivileged in the County. The Webb County Commissioners' Court is CAA's governing body. CAA has a twenty-one member advisory board consisting of (A) public officials, (B) indigent and, (C) the private sector. CAA's operations are reported in the special revenue funds.

Blended Component Unit The Laredo Webb County Child Welfare Board (Board) is an entity incorporated by the State of Texas. The Board's purpose is to provide foster care for neglected, delinquent and handicapped children of the County. The Webb County Commissioners' Court is the Board governing body. Thirteen resident members make up an advisory board appointed by the Commissioners' Court. The Board's operations are reported in the special revenue funds.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The basic financial statements include both government-wide and fund financial statements on all of non-fiduciary activities of the primary government and its components units. While the previous model emphasized fund types (the total of all funds of a particular type), in the new reporting model the focus is on either the County as a whole or as major individual funds (within the fund financial statements).

Both the government-wide and fund financial statements within the basic financial statements categorize primary activities as either governmental activities or business-type activities. In the government-wide Statement of Net Assets, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, (b) and are reflected, on a full accrual, economic resource basis, which incorporates long-term assets and receivables as well long-term debt and obligations.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

The government-wide Statement of Activities reflects both the gross and net cost per functional categories (public safety, public works, etc.) that are otherwise being supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. The program revenues must be directly associated with the function or a business-type activity. Program revenues include revenues from fines, and forfeitures, licenses and permit fees, taxes and charges for services. The operating grants include operating-specific and discretionary (either operating or capital grants while the capital grants columns reflects capital-specific grants.

The net cost (by function or business-type activity) is normally covered by general revenue (property, sales, or use taxes, intergovernmental revenues, interest income, etc.). Historically, the previous model did not summarize or present net cost by function or activity. The County does not currently employ an indirect cost allocation system.

This government-wide focus is more on the sustainability of the County as an entity and the change in aggregate financial position resulting from the activities of the fiscal period.

The fund financial statements are, in substance, very similar to the financial statements presented in the previous model. Emphasis here is on the major funds in either the governmental or business-type categories. Non-major funds (by category) or fund type are summarized into a single column.

Unless an internal service fund is combined with the business-type activities (deemed to be an infrequent event), totals on the business-type activity fund statements should directly reconcile to the business-type activity column presented in the government-wide statements.

The governmental funds major fund statements in the fund financial statements are presented on a current financial resource and modified accrual basis of accounting. This is the manner in which these funds are normally budgeted.

This presentation is deemed most appropriate to (a) demonstrate legal and covenant compliance, (b) demonstrate the sources and use of liquid resources, and (c) demonstrate how the County's actual experience conforms to the budget or fiscal plan. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental column, a reconciliation is presented on the page following each statement, which briefly explains the adjustment necessary to transform the fund based financial statements into the governmental column of the government-wide presentation.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

Internal service funds of a government (that traditionally provide services primarily to other funds of the government) are presented in the summary form as part of the proprietary fund financial statements. Since the principal users of the internal services are the County's governmental activities, financial statements of internal service funds are consolidated into the governmental column when presented at the government-wide level. To the extent possible, the cost of these services is reflected in the appropriate functional activity (police, fire, public works, etc.). The County's fiduciary funds (which have been redefined and narrowed in scope) are presented in the fund financial statements by type (pension, private purpose and agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated in the government-wide statements.

The focus of the revised model is on the County as whole and the fund statements, including the major individual funds of the governmental and business-type categories, as well as the fiduciary funds, (by category). Each presentation provides valuable information that can be analyzed and compared (between years and between governments) to enhance the usefulness of the information.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

1. BASIS OF ACCOUNTING

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurement made, regardless of the measurement focus applied.

The Government-wide Financial Statements and the Proprietary, and Fiduciary Fund Financial Statements are presented on an accrual basis of accounting. The Governmental Funds in the Fund Financial Statements are presented on a modified accrual basis.

Accrual:

All proprietary and internal service funds are accounted for using the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. Property taxes, sale taxes, bingo taxes, mixed drink taxes, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenues items are considered to be measurable and available only when the County receives cash.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

Modified Accrual:

All governmental funds are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exceptions to this general rule is that debt service expenditure, compensated absences and claims and judgments, are recognized when due.

In applying the "susceptible to accrual" concept to intergovernmental revenues pursuant to GASB Statement #33, the provider should recognize liabilities and expenses and the recipient should recognize receivables and revenues when the applicable eligibility requirements including time requirements, are met. Resources transmitted before the eligibility requirements are met should under most circumstances, be reported as advances by the provider and deferred revenues by the recipient.

2. FINANCIAL STATEMENT PRESENTATION

The financial transactions of the County are recorded in individual funds. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues, and expenditures, or expenses as appropriate. The various funds are reported by generic classification within the financial statements. Governmental resources allocated to, and accounted for, in the individual funds are based on the specific activities in accordance with laws, regulations, or other restrictions.

The new reporting model (GASB Statement #34) sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The non-major funds are combined in a column in the fund financial statements and detailed in the combining section.

GOVERNMENTAL FUNDS:

The focus of Governmental funds measurement (in the Fund Financial Statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the Governmental Funds of the County:

General Fund is the general operating fund of the County. It is used to account for all financial resources except those require to be accounted for in another fund.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Head Start Program Fund, which is one of the special revenue funds, is presented as a major fund. Head Start revenues are received from the U. S. Department of Health and Human Services –Administration for Children and Families. Eligible participants are provided with education, nutrition, physical and mental health, disability and medical services. Head Start revenues are also used to provide literacy services for eligible parents. In addition to this, Webb County provides in-kind contributions as non-federal share. Other non-major special revenues funds are created as deemed appropriate.

Debt Service Funds are used to account for the accumulation of funds for the periodic payment of principal and interest on governmental bonds, loans, and capital leases.

Capital Projects Funds are used to account for the financial resources to be used for the acquisition and construction of major capital facilities (other than those financed by Business-type/Proprietary Funds). The Juvenile Youth Village fund is a major fund for land acquisition and the construction of a juvenile facility to be used for detention and probation purposes and benefit of the troubled youth of our community, funded by Limited Tax Improvements Bonds, Series 2002. Other non-major capital projects are created as deemed appropriate.

PROPRIETARY FUND TYPES:

Proprietary Funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise, of the Water Utility Company and the County internal service funds are charges to customers for sales and services. The County also recognizes as operating revenues the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the enterprise fund and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The following is the description of the Proprietary Funds of the County:

Enterprise Funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by pledge of the net revenues, (b) has third party requirements that the costs, be of providing services including capital costs, be recovered with fees and charges or (c) has pricing policy designed for the fees and charges to recover similar costs. The County may additionally elect to treat other County business similarly. The major fund (Water Utility Fund) represents the County's current business-type activity.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

Internal Service Funds are used to account for the financing of services provided by a department to other departments, funds or component units of the County on a cost-reimbursement basis.

The Webb County Employees Health Benefit internal service fund accounts for the County employees' medical and dental premiums and claim payments. The Worker's Compensation Reserve internal service fund accounts for the County's self insurance of workmen's compensation premiums and claim payments.

FIDUCIARY FUNDS:

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support County programs. The reporting focus is upon net assets and changes in net assets and employs accounting principles similar to proprietary funds.

Trust and Agency Funds are used to account for the trust (either pension, investments [held for third parties] or private purpose) or agencies, which are custodial in nature.

The Permanent School Fund accounts for interest income and other revenues earned for the benefits of various independent school districts in the County. The Available School Fund accounts for the annual distribution to the independent school districts earned by the Permanent School Fund. The Employees Retiree Insurance Fund accounts for health insurance.

Non-Current Governmental Assets/Liabilities:

GASB Statement #34 eliminates the presentation of Account Groups, but provides for these records to be maintained and incorporates the information into the Governmental column in the government-wide Statement of Net Assets

D. ASSETS, LIABILITIES AND FUND EQUITY

1. DEPOSITS AND INVESTMENTS

The County's cash and cash equivalents include cash on hand, demand deposits, certificate of deposits and money market with a maturity date of 90 days or less from the date of purchase. Additionally, each fund's equity in the State investment pools is considered to be cash equivalent since the funds can deposit or effectively withdraw cash at any time without prior notice or penalty.

State statutes and the County's official Investment Policy authorize the County to invest in obligations of or guaranteed by the United States government, certificates of deposit, investment pools authorized by the Public Funds Investments Act, mutual funds and money market mutual funds and repurchase agreements.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

The County record investments at fair market value in accordance with provisions of GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools. All investment income is recognized as revenues in the appropriate fund's statement of revenues, expenditures and changes in fund balance. Deposit and Investments Risk Disclosures are in accordance with GASB Statement No. 40.

Pooled Cash - The County maintains pooled cash accounts for funds not require to be segregated. Some funds incur negative cash balances that are equivalent to liabilities. As a result, bank overdrafts are reported as interfund payables in the balance sheet. The general fund is the offsetting interfund receivable for the negative cash balance.

Bank Overdraft - Individual funds with their own bank account incurring cash overdraft balances are the results of payroll interfund bank transfers or transfers from the state investment pool occurring after the year end or special revenues and capital projects' grant funds on a reimbursement basis.

2. INVENTORIES

Inventories are valued at cost, which approximates market value, using the first in, first out method, with some inventories on the average cost method. The purchase method is used to account for inventories. Under the purchase method, inventories are recorded as expenditures when purchased; however, material amounts of inventories are reported as assets of their respective funds. Reported inventories in these funds are equally offset by a fund balance reserve, which indicates the assets are unavailable for appropriation even though they are a component of reported assets.

3. CAPITAL ASSETS AND DEPRECIATION

Capital Assets – Capital assets, which include property, plant, equipment and infrastructure assets (e.g. roads, bridges, dam, and similar immovable items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The County elected early implementation of the infrastructure reporting requirements of GASB Statement 34.

Capital assets are defined as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset's lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

Capital assets of the County are depreciated using the straight-line method over the estimated useful life of the assets as follow:

Buildings and improvements	15 to 40 years
Equipment (computer, office and vehicles)	5 years
Infrastructure - roads (paved, caliche, or dirt)	15 to 40 years
Infrastructure - bridges	25 to 35 years
Infrastructure - dam	40 years
Infrastructure - cattle guards and culverts	20 years
Infrastructure - water and wastewater lines and pump station	40 years

4. INTERFUND TRANSACTIONS

During the course of normal operations, the County has many transactions between funds. The accompanying Fund Level financial statements reflect as transfer the expenditures and transfers of resources to provide services construct assets and meet debt service requirements. The effect of interfund activity has been eliminated in the Government-wide financial statements, except for transactions between the governmental and business-type activities.

5. DUE FROM OTHER GOVERNMENTAL UNITS

To recognize resources available for Special Revenue Funds and Capital Projects Funds, the County records amounts due from grantors upon receipt of the award and records the award as deferred revenue. For grants that require expenditures for eligible grant purposes in order to earn the award, revenues are recognized when expenditures are made. For other grants and financial assistance, the amounts due from other governmental units and deferred revenue are reduced upon receipt of payment and revenues are then recognized.

6. FUND EQUITY

Certain fund balances or portions thereof have been reserved to indicate amounts that are not appropriated for expenditures or are legally segregated for a specific future purpose. Designation of a portion of the fund balance is established to indicate tentative plans for financial resource utilization in a future period.

7. CAPITAL GRANT

Capital grants restricted for capital acquisitions or construction other than those associated with proprietary funds, are accounted for in the applicable Capital Projects Funds. Grant monies restricted for acquisition of Enterprise Fund capital assets are recorded as contributed equity in the applicable enterprise fund. Therefore, depreciation expense relating to fixed assets contributed or acquired with grant monies is deducted from the applicable contributed capital.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

8. OTHER ASSETS AND UNAMORTIZED BOND ISSUANCE COSTS

Other assets held are recorded and accounted for at cost.

In the governmental funds, discounts and issuance costs are treated as period costs in the year of issue. Bond issuance costs are shown as other financing sources.

In the proprietary funds, bond discounts and issuance costs are deferred and amortized over the term of the bonds using the bonds outstanding method that approximates the effective interest method. Bond discounts are presented as a reduction of the face amount of the revenue bonds payable whereas issuance costs are recorded as other assets. Expenses relating to the sale of the combination tax and revenues bonds in the enterprise fund are amortized over the life of the issue.

As part of the reconciliation and presentation at the government-wide level these costs (in the governmental funds) are adjusted and reflected similarly to proprietary funds.

Governmental Activities:

Unamortized Bond Issuance Costs	1,175,899
Prepaid Expenses	10,030
Deposits	8,795

	Total \$ <u>1,194,724</u>
--	---------------------------

Business Activities:

Proprietary Fund:

Enterprise Fund	
Unamortized Bond Issuance Costs	367,760

	Total \$ <u>367,760</u>
--	-------------------------

9. RECLASSIFICATION

Certain September 30, 2004 accounts balances have been reclassified in this report to conform to the financial statement presentation used in 2005.

10. ADJUSTMENTS TO NET ASSETS AND FUND BALANCE

Prior period adjustments were made to the governmental activities financial statements to reflect corrections to the General Fund accounts receivable, accounts payable, due to governmental agencies and deferred revenues reported as restatement of beginning governmental fund balance and the beginning governmental activities net assets for 2004.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

Accounts receivable for \$ 98,917 for claim settlement \$ (7,183), \$ 46,085 to establish hot checks for County departments and the delinquent tax attorney \$ 60,015. Accounts payable invoices \$ 72,224 not presented for payment. Due to other governmental agencies \$ (7,424) court cost was due to the State of Texas.

On June 2, 2003, the County had estimated \$ 1,387,546 storm damage and received a portion of the insurance proceeds. Clean-up cost was incurred during the fiscal year and a small segment of the repairs were to commence February 2004. The roof repairs required additional competitive bidding processing and contractual agreements were finalized October 2004. The buildings interior repairs have not been release for competitive bids. The insurance proceeds were deferred until all repairs are finalized. All repairs require Commissioners' Court approval and the unexpended funds are reserved for construction cost. In September 2005, the final bids for repairs for the buildings were approved. Governmental Accounting Standards Board Statement No. 42 Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Proceeds were not implemented due to the temporary impairment. Expenditures were reported in the statement of activities and statement of revenues, expenses, and changes in fund net assets. Deferred revenue \$ 974,274 for the June 2003 storm damage is from insurance proceeds for repairs to County property. The total effect to the general fund was an increase of \$ 1,137,991 as of October 1, 2004.

The Hotel Motel Occupancy Tax special fund was adjusted \$ 15,000 for accounts payable invoices not present for payments.

The District Attorney State Forfeiture special revenue fund was adjusted for accounts payable to the District Attorney State Seizure's fiduciary fund for \$ (28,483).

Capital leases \$ (126,553) was adjusted for the Headstart Program modular building \$ (93,617) and the County \$ (32,936) additions to the telephone system.

The Texas Water Development Board Loan series 2004A was adjusted a net balance \$ (1,735) \$(2,651) for interest income and \$ 916 for issuance cost amortized to record assets and liabilities from governmental type activities to business type activities.

The total effect to governmental funds was an increase of \$ 996,220 as of October 1, 2004.

Prior period adjustments was adjusted to the business type activities financial statements to reflect the Water Utility Fund assets and Texas Water Development Board Loan series 2004A liabilities reported as restatement of beginning enterprise fund balance and the beginning business type activities net assets for 2004.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

Interest Income earned last year \$ 2,651 was adjusted and the assets and liabilities for the Texas Water Development Board Loan series 2004A reported from governmental activities to business type activities.

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the proprietary fund statement of net assets and the government-wide statements of net assets

The proprietary fund statement of net assets include a reconciliation between net asset – total enterprise fund and net assets of business-type activities as reported in the government-wide statements of net assets. The description of the sole elements of that reconciliation is “Adjustment to reflect the consolidation of internal service funds activities related to enterprise funds.” The details of the \$ 36,652 difference are as follows:

Internal receivable representing charges in excess of cost to business-type activities – prior years	\$ 29,438
Internal receivable representing charges in excess of cost to business-type activities – current year	<u>7,214</u>
Net adjustment to increase net assets – total enterprise fund to arrive at net assets – business-type activities	<u>\$ 36,652</u>

III. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. EXCESS EXPENDITURES OVER APPROPRIATIONS

An excess of expenditures / expenses over appropriations were incurred for the following governmental funds as of September 30, 2005:

Governmental Accounts	Appropriations	Expenses / Expenditures	Excesses
Special Revenue Funds			
Election Services Contract Fund	\$	164,661	164,661
Proprietary Funds:			
Internal Service Funds:			
Webb County Employee Health Benefits Fund	6,019,949	7,556,205	1,536,256
Webb County Worker's Compensation Fund	<u>1,296,138</u>	<u>3,068,725</u>	<u>1,772,587</u>
Total	\$ <u>7,316,087</u>	\$ <u>10,789,591</u>	\$ <u>3,473,504</u>

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

The \$ 164,661 excesses for the election services contract fund resulted from election fund having no budget according to the State's Election Code. The contractual revenues and fund balance absorbed the excess expenditures.

The \$ 1,536,256 excess is for Webb County Employees Health Benefits increase to major medical and dental claims over the total original budget. The County commissioners approved a \$2,128,725 transfer from the Webb County Workers Compensation Fund and \$222,389 from the General Fund to absorb the excess expenses and tentative deficit fund balance before the transfers.

The \$ 1,772,587 excess for the Webb County Workers Compensation resulted from a transfer out to the Webb County Health Benefits to cover the fund's deficit. Revenues and the fund balance absorbed the excess expenses.

B. DEFICIT FUND EQUITY

The Enterprise Fund - Webb County Water Utility had a deficit fund balance as of September 30, 2005:

The Enterprise Fund – Webb County Water Utility had an unreserved retained earning fund balance deficit of \$ 36,414 which exists due to expenses exceeding revenues. The County conducted a water and sewer rate study by the NADBank in order to meet the fund's expenses, debt service requirements and the Texas Water Development Board's bond order covenants. The commissioners' court approved an \$ 80,000 transfer from the General Fund for the current fiscal year and 2006 in lieu of the rate increase due to the construction phase of the regional water and wastewater plant. The construction phase is expected to end in 2006.

IV. DETAILED NOTES ON ALL FUNDS

A. CASH AND CASH EQUIVALENTS, INVESTMENTS, AND BANK OVERDRAFT

CASH - At September 30, 2005 the carrying amount of the County's deposits (including certificates of deposits of \$ 232,897 and \$ 25,266 money market accounts in the fiduciary funds) was \$22,037,971 and the bank balance was \$ 22,591,209. Of the bank amount, 100 percent was insured or collateralized with securities held by the County's agent in the County's name.

The State of Texas Public Funds Investment Act limits the types of authorized investments that the County may make. Legal collateral and investments are generally limited to direct obligations of the United States of America or guaranteed by governmental entities or its agencies and instrumentalities, certificate of deposit and repurchase agreements.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

CASH EQUIVALENTS - Cash equivalents represent deposits and short-term highly liquid investments with a maturity of less than three months.

The County invests primarily in TexPool which is a public fund pool administered by the State Comptroller of Public Accounts. There is a twenty-four hour fund availability of these funds; therefore, the Texpool's investment of \$ 38,547,567 is reported as cash equivalent. Texpool's net assets value is .99985% of the County's carrying value as of September 30, 2005. Accordingly, the fair value of the position in TexPool is the same as the value of TexPool shares.

As required by Technical Bulletin 94-1 Disclosures about Derivatives for indirect transactions such as investment pool, Texpool held no derivative securities. Texpool's investment policy does not allow for derivative investments.

MBIA Texas Cooperative Liquid Assets Securities System (Texas CLASS) is also a public fund pool for the County permanent school fund. Texas CLASS establishes a trust so long as MBIA Municipal Investors Services Corporation is the Program Administrator organized and existing under the laws of State of Texas. The Board of Trustees shall conduct the Trustees activities, execute all documents and sue or be sue under either of the under the foregoing names. There is twenty-four hour fund availability of these funds; therefore, the Texas CLASS investment of \$ 5,498,035 is also reported as cash equivalent. MBIA's net asset value is 1.0% of the County's carrying value as of September 30, 2005. The fair value of the position in Texas CLASS is the same as the value of Texas CLASS shares.

Cash and investments are combined in the Financial Statements as follows:

<u>Financial Statements</u>	<u>Primary Government</u>		
	<u>Governmental Activities</u>	<u>Business-type Activities</u>	<u>Fiduciary Funds</u>
Cash on hand	\$ 11,777	150	
Deposits	15,805,112		5,974,696
Money market accounts			25,266
Certificates of deposit			3,199,354
Texpool State Investment Pool	23,048,850	2,088,301	13,410,416
MBIA Investment Pool			5,498,035
Total Cash and Cash Equivalents	<u>\$ 38,865,739</u>	<u>2,088,451</u>	<u>28,107,767</u>

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

Reconciliation of bank overdraft:

Per Fund Type	Negative Pooled Cash
Internal Service Funds	
BC/BS Group Health Insurance	\$ 29,170
Worker's Comp County Contribution	<u>2,514</u>
Total Bank Overdraft Balance	<u>\$ 31,684</u>

The Webb County Employees Health and the Webb County Workers Compensation Funds bank account had a negative cash balance as of September 30, 2005.

1. Investments

The County's investment policies are in accordance with the laws of the State of Texas. The policies identify authorized investments and investment terms, collateral requirements and safekeeping requirements for collateral.

The County demand deposits and bank certificates of deposits are fully covered by collateral held in the County name by the County's agent, the Federal Reserve Bank of Dallas. The County's collateral agreements require the market value of securities held by its agents to exceed the total amount of cash and investments held by International Bank of Commerce (depository bank).

2. Interest Rate Risk

The County manages its exposure to declines in fair values by limiting the weighted average days to maturity of its investment portfolio.

At year end, the County investment balances were as follows:

Investment Type	Fair Value	Weighted Average Days to Maturity
Money market accounts	\$ 25,266	Less than 90

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

(1) This weighted average maturity calculation uses the SEC Rule 2A-7 definition for stated maturity for any floating rate instrument held in the portfolio to determine the weighted maturity for the pool.

(2) This weighted average maturity calculation uses the final maturity of any floating rate instrument held in the portfolio to calculate the weighted average maturity for pool.

3. Credit Risk

The County is authorized by statute and the investment policy to invest in obligations of, or guaranteed by the United States Government this includes "pass-through" mortgage-backed securities issued by such agencies or instrumentalities, with some exceptions listed in the investment policy. Fund may be invested in fully collateralized repurchase agreements if the repurchase agreement 1) has a defined termination date; 2) is secured by obligations described in the Public Funds Investment Act; 3) require the securities being purchased by the County to be pledged to the County, held in the County's name, and deposited at the time the investment is made with the County or with a third party selected and approved by the County.

4. Concentration of Credit

The County's investment policy provides that the investment pools authorized by the Public Funds Investment Act may constitute up to 100% of the portfolio. The County's policy limits the investment in commercial paper such as government sponsored securities to 75% of the portfolio. Authorized investment in repurchase agreements shall not constitute than 50% and certificates of deposit shall not constitute more than 20% of the portfolio. The County and District Clerk seven percent of certificates of deposits are mandates by the court orders.

5. Custodial Credit Risk

In accordance with state and County's investment policy, County investments are insured or registered, or securities held by the County or County's agent name of the County.

B. RECEIVABLES

Accounts, billings, and taxes receivables and related allowances are as follows:

Receivables	Governmental Activities	Business-type Activities
Tax Receivable - Delinquent	7,546,255	
Billings Receivable		241,616
Accounts Receivable	513,302	1,281
Fines Receivable	2,314,426	
Probation Fees Receivable	437,617	
Notes Receivable	83,267	
Accrued Interest Income	1,516	
Total Receivables	\$ 10,896,383	\$ 242,897

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

Governmental funds report deferred revenues in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not earned. For the governmental statements, property taxes expected to be collected are reported as deferred. At the end of the current fiscal year, the various components of deferred revenues and unearned revenue reported in the governmental funds were as follows:

	<u>Unavailable</u>	<u>Unearned</u>
Properties taxes receivables – General Fund	6,729,338	
Properties taxes receivables – Road and Bridge Fund	213,002	
Properties taxes receivables – Debt Service Fund	1,160,461	
Grant drawdown prior to meeting all eligibility requirements		1,186,076
Total	\$ 8,102,802	\$ 1,186,076

C. CAPITAL ASSETS

Other liabilities	1,477,242	11,106
Restitution payable	85,157	
Retainage payable	986,096	160,778
Customer deposits	892	41,991
Total Accounts Payable and Accrued Liabilities	<u>\$ 11,108,210</u>	<u>\$ 299,527</u>

E. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The County has numerous transactions between funds that involve receipts and disbursements by one fund for amounts of another fund. Those transactions that require one fund to reimburse another are classified in the balance sheet of the various funds as due to or due from other funds, as appropriate. Transactions that would be treated as revenues, expenditures, or expenses if they involved organizations external to the County are accounted for as revenues, expenditures, or expenses in the funds involved.

Individual interfund receivable and payable balances at September 30, 2005 were:

<u>Primary Government</u>	<u>Interfund Receivables</u>	<u>Interfund Payables</u>
Primary Government		
General Fund	\$ 3,286,263	\$ 341,982
Head Start Program	206,332	63
Nonmajor Governmental Funds	3,448,075	2,312,802
Governmental Funds Subtotals	<u>6,940,670</u>	<u>2,654,847</u>
Proprietary Funds		
Enterprise Fund	2,580,162	4,733,493
Internal Service Funds		
Employee Health Benefits	2,397,465	2,333,108
Workers Compensation Reserve	2,397,465	2,196,849
Internal Service Funds Subtotals	<u>2,397,465</u>	<u>4,529,957</u>
Total	<u>\$ 11,918,297</u>	<u>\$ 11,918,297</u>

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

Transfers of financial resources among funds are recognized in all funds affected in the accounting period in which the interfund receivable and payable arises. Interfund operating transfers are legally authorized transfers from a fund to the fund through which the resources are to be expended. During the fiscal year ended September 30, 2005, transfers were as follows:

Interfund transfers:

	Transfers In:					
Transfers Out:	General Fund	Nonmajor Governmental Funds	Water Utilities Enterprise Funds	Internal Service Funds	Fiduciary Funds	Total
General Fund	\$		447,487	80,000	222,389	749,876
Nonmajor Governmental Funds		612,000	3,589,454			4,201,454
Water Utility Enterprise Funds						
Internal Service Funds		790,000		2,128,725	150,000	3,068,725
Total	\$	1,402,000	4,036,941	80,000	2,351,114	8,020,054

The general fund transferred out \$ 222,389 to the Webb County Employees' Health Benefit internal service fund to cover the fund's deficit. The County Commissioners' Court also approved the \$2,128,725 transfer from the Worker's Compensation Reserve Fund to the Webb County Employees' Health Benefit internal service fund to cover the remainder fund's deficit

F. LEASES

The County entered into contractual lease agreements for equipment, heavy equipment, vehicles, and portable buildings for the General Fund, Road and Bridge Fund and the TJPC – Juvenile Justice Alternative Education Program. The leases met the criteria of a capital lease, in which the benefits and risks of ownership are essentially transferred to the lessee, the County. Upon entering into these capital leases, the County records capital outlay and other financing sources for governmental funds equal to the capitalization amounts of the equipment in the fund that accounts for the acquiring governmental funds. The County records the asset and the related liability for the enterprise fund.

The assets acquired through capital lease are as follows:

	Governmental Activities
Asset:	
Buildings	\$ 82,905
Equipment	3,099,266
Less: Accumulated Depreciation	(1,866,959)
Total	\$ 1,315,211

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

Lease payments are reported in the Debt Service Fund for governmental funds as taxes that have been levied for that specific purpose. The future minimum lease obligations and the net present value of these minimum lease payments as of September 30, 2005, were as follows:

<u>Year Ending September 30</u>	<u>Governmental Activities</u>
2006	\$ 322,101
2007	89,597
2008	82,943
2009	62,979
2010	62,979
2011 – 2013	<u>141,261</u>
Total minimum lease payments	698,881
Less: amount representing interest	<u>(85,647)</u>
Present value of minimum lease payments	<u>\$ 613,233</u>

G. LONG-TERM DEBT

The following is a summary of long-term debt activity for the year ended September 30, 2005. The Certificates of Obligations, Limited Tax Refunding and Combination Tax, Revenue Certificate of Obligations, General Obligation Refunding, Limited Tax Refunding bonds, and LoanSTAR Loan pertain to governmental funds. The governmental debt is retired from Debt Service Fund revenues; primarily ad valorem taxes. The TWDB Water and Sewer DFUNDII Loan series 2000, a portion of the Certificates of Obligation non-refunded, series 1999 and 2000, Limited Tax Refunding Bonds, Series 2005 and TWDB EDAP Loan (series 2004 & series 2004A) are retired by the Webb County Water Utility self-supporting fees.

Webb County, Texas

H. REFUNDING

The County issued \$ 14,775,000 in limited tax refunding bonds; series 2005 to provide resources to purchase State and local government securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of \$ 9,335,000 Certificates of Obligations, Series 1999 and \$ 5,270,000 Certificates of Obligations, Series 2000, the refunded bonds. As a result the refunded bonds are considered defeased and the liability has been removed from the governmental and business type activities column of the statement of net assets. The advance refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$ 935,195. This difference, reported in the accompanying financial statements as deduction from bonds payable, is being charged to operations through the year 2020 using the effective interest method. The County completed the advance refunding to reduce its total debt service payments over the next fifteen years by \$ 711,657 and to obtain an economic gain (difference between the present values of the old and new debt service payments) of \$528,029.

I. BONDS DEFEASED - PRIOR YEARS DEFEASANCE OF DEBT

During 1998, the County defeased \$ 7,030,000 of its Certificates of Obligation, Series 1996 by issuing \$ 8,020,000 General Obligation Refunding Bonds and placing the proceeds of the newly issued bonds in an irrevocable escrow fund to provide for all future debt service payments on the old bonds. The defeased bonds are scheduled to mature February 1, 2007 through February 1, 2015. Accordingly, the escrow fund assets and liabilities for the defeased bonds are not included in the financial statements. As of September 30, 2005, the amount of Certificates of Obligation Series 1996 that are outstanding but considered defeased is \$ 7,030,000. The scheduled bond payment for February 1, 2007 is \$ 100,000.

J. CONDUIT DEBT

Certificates of Participation, Series 1997

The PBCF Webb Texas, Inc. (Lessor) is a Texas Corporation organized and existing under the laws of the State of Texas. The Lessor by proper corporate action duly authorized the execution and delivery of and the due performance of lease purchase agreement with Webb County, Texas ("Lessee").

The sale of July 15, 1997 \$1,530,000 Certificates of Participation, Series 1997 (the "1997 Certificates") evidencing interests of the owners thereof in certain obligations of Webb County, Texas due under its lease purchase agreement with PBCF Webb Texas, Inc. The 1997 Certificates represent proportionate interests in the basis rent payable by Webb County, Texas.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

The project consist of approximately .95-acre tract, and approximately 15,000 square feet Restitution/Court Residential Treatment facility, including sleeping quarters, laundry facilities, dining facilities, kitchen, educational classrooms, administrative space, parking areas and recreational areas.

The outstanding balance of the 1997 Certificates is \$ 1,335,000 as of September 30, 2005.

Neither the lease, the County's obligation to pay basic rent nor the 1997 certificates are general obligations of the County. The County's obligation to make basic rent payments and any other obligation of the County under the lease are subject to and dependent upon yearly appropriations being made by the County for such purpose. However, the County is not legally required to appropriate or otherwise provide monies for this purpose.

The Webb County Court Residential Treatment Center program was not funded by the State of Texas beyond August 31, 2003. This program was being housed in the facilities described above, and its funding included an amount that was used by the County to make rent payments to the PBCF, which in turn used the funds to make the debt payments on the Certificates of Participation, Series 1997 described above. Upon termination of State funding, the Court Residential Treatment Center ceased to operate. Consequently, the County authorized appropriations in the 2004-2005 annual's budget to provide for the rent payments for that fiscal year.

Certificates of Participation, Series 1997A (Sale During Fiscal Year and Defeasance Date of Record December 28, 1998)

The Webb County Correctional Center Public Facility Corporation is a newly-formed nonprofit corporation created by the County in accordance with Article 717s, Vernon's Texas Civil Statutes, as amended ("Article 717s") for the purpose of assisting the County with the financing, refinancing, or providing for public facilities for the County.

The Webb County Correctional Center Public Facility Corporation has the broadest possible powers to finance the acquisition of county obligations issued or incurred in accordance with the existing law, and to provide for the acquisition, construction, rehabilitation, renovation, repair, equipping, furnishing, and placement in service of public facilities of the County under Article 717s. All powers of the Corporation are vested in a Board of Directors, each of who is a member of the Commissioners Court.

The sale of the October 1, 1997 \$ 22,470,000 Certificates of Participation Series 1997A (the "1997A Certificates"), evidencing proportionate interests of the owners thereof in a Lease Agreement with option to purchase with Webb County, Texas as Lessee. The Lessor will transfer its rights and interest in, and duties and obligations regarding the project including the title to the real property portion of the project to the Corporation, subject to the mortgage and assignments made to the Trustee for the benefit of the Certificate owners. The outstanding balance of the 1997A Certificates is \$ 19,500,000 as of September 30, 2005.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

The new Webb County Correctional Center consists of 98,000 square feet which will include a 500-bed multi-classification detention center with all necessary ancillary spaces, including education building, guard towers, segregated recreation yard, kitchen, program space medical facilities, wastewater treatment plant and associated utilities. There will be 150 single cells, 96 double cells, 19 eight-bed dormitories and 1 six-bed dormitory.

On December 29, 1998 a closing memorandum by bond counsel and the revised purchase structure for request for Repurchase Agreement and Defeasance Escrow CCA PRT broker, the County entered into an incarceration agreement with CCA PRT. This transaction provides for the defeasance of the Webb County Correctional Public Facility Corporation \$ 22,470,000 1997A Certificates. The Verification Agent of record provided a Defeasance Verification Report for the mathematical accuracy on the transaction. The transfer of ownership will occur in October 1, 2007 to CCA PRT, the purchaser. In the meantime, the County will have entered into a sublease agreement with CCA PRT providing incarceration agreements for County inmates.

V. OTHER INFORMATION

A. PROPERTY TAXES

Property subject to taxation is real property and certain personal property situated in the County. The County's property tax is levied and becomes collectible on October 1, based on values assessed by the Webb County Appraisal District as of the preceding January 1, which is the date a tax lien is attached to the property.

Such taxes become delinquent on February 1 after the levy date. Discounts of 3%, 2%, and 1% are offered on payments of current taxes made by the last day of October, November and December, respectively.

Interest and penalties of 7% plus 2% a month are added for payments received in February, March, April, May, and June. The assessed valuation of taxable property for year 2004 was \$ 8,718,453,508 representing 100% of appraised value.

The County grants exemptions authorized by state law for disabled veterans, and homestead productivity of open space land. Therefore, the taxable values to which the tax rates are applied are less than the 100% valuation. The taxable values for year 2004, and designation of tax rates are as follows for fiscal 2005:

	Taxable Value	Tax Rate Per \$100 of Taxable Value
General Fund:	\$ 8,718,453,508	0.363886
Special Revenue Fund: Road and Bridge Maintenance	\$ 8,718,227,472	0.005942
Debt Service Fund:	\$ 8,718,453,508	0.068095
Total Tax Rate		0.437923

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

Taxes receivable are reduced by an allowance for estimated uncollectible taxes. Revenues from property taxes are recognized in the current year to the extent they are available to finance current year expenditures.

The County is permitted to levy taxes up to \$.80 per \$100 of assessed valuation for general governmental services including the payment of principal and interest on general obligation long-term debt and an additional \$.15 per \$100 of assessed valuation for maintenance of public roads and bridges.

The County thus has legal margins of \$.369895 and \$.142182 respectively, per \$100 valuation and could levy approximately \$ 30,891,897 and \$ 12,158,643 in additional taxes for those purposes before that exceeds the tax rate calculated in accordance with the Texas Property Tax Code by more than 3% without holding a public hearing. The Property Tax Code subjects an increase in the effective tax rate to a referendum election when the increase in the effective tax rate is 8% or more of the previous year's effective tax rate.

Because of limitations imposed by state law, cases in which accumulated taxes exceed property value and other problems in tax collection, allowances have been provided for uncollectible accounts.

B. DEBT LIMIT

The County is subject to certain statutes of the Texas Constitution that limit the amount of net bonded debt (exclusive of revenue bonds). The County may have outstanding up to 25 percent of the assessed value of real property.

At September 30, 2005, the statutory limit of the County was approximately \$ 2,244,316,111 providing a legal debt margin of \$ 2,179,709,021.

C. COMPENSATED ABSENCES

Accumulated compensatory leave, vacation and sick leave expected to be liquidated with expendable available financial resources are reported as expenditures during the fiscal year in the respective governmental funds. The governmental funds recognized a liability at year-end only if the compensated absences mature (when due). Accumulated compensated absences not expected to be liquidated with expendable available resources are reported as long-term liabilities in the governmental activities column of the government-wide Statement of Activities. The majority of these have typically been liquidated from the General Fund in previous years. Accumulated compensated absences of Proprietary Funds are recorded as an expense and liability in the respective fund and the business-type column of the government-wide Statement of Activities as the benefit accrues for the employee.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

Employees accrue 12 days of sick leave per year. Sick leave taken is recognized as expenditures as used by employees. There is no ceiling for employees to accumulate sick leave. Upon separation or termination, unused sick leave is not paid. Employees earned from twelve to twenty-one vacation days per year, depending on years of service. The County policy provide for a maximum paid out of twenty-two days upon the employee's resignations or retirements

Non-exempt employees earn compensatory time at one and one-half times their rate of pay times the excess of 40 hours per week worked. The compensatory time balance for non-exempt employees may not exceed 240 hours for non-law enforcement and 480 for law enforcement. Hours in excess of maximum must be paid to the non-exempt employee at the rate of one and one-half times the regular rate. Upon termination, non-exempt employees will be paid for compensatory time at their wage rate at time of termination.

	Balance Outstanding October 1, 2004	Earned	Taken/ Paid	Balance Outstanding September 30, 2005	Amount Due Within One Year

Business-type Activities	42,031	18,382	19,716	40,697	14,473
Total Primary Government	<u>2,124,538</u>	<u>1,770,010</u>	<u>1,740,055</u>	<u>2,154,493</u>	<u>1,119,333</u>

D. RETIREMENT PLAN

1. PLAN DESCRIPTION

The County provides retirement, disability, and death benefits for all of its full-time employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of 559 nontraditional defined benefit pension plans. TCDRS in the aggregate issues a comprehensive annual financial report (CAFR) on a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P. O. Box 2034, Austin, Texas 78768.

The plan provisions are adopted by the governing body of the employer, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service, with 20 years of service regardless of age, or when the sum of their age and years of service equals 75 or more.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

Members are vested after 8 years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by the sum of the employee's contribution to the plan, with interest and employer -financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employees' accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

2. FUNDING POLICY

The employer has elected the annually determined contribution rate (ADCR) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually.

The employer contributed using the actuarially determined rate of 7.49% for the months of the accounting year in 2004, and 7.07% for the months of the accounting year in 2005.

The contribution rate payable by the employee members for calendar year 2004 is the rate of 6% as adopted by the governing body of the employer. The employee contribution rate and the employer contribution rate may be changed by the governing body of the employer within the options available in the TCDRS Act.

3. ANNUAL PENSION COST

For the 2005 fiscal year, the County's annual pension cost was equal to the County's required contributions. The employers are required to contribute at an actuarially determined rate; the current required contribution is \$ 3,018,999.

The annual required contributions were actuarially determined as a percent of the covered payroll of the participating employees, and were in compliance with the Governmental Accounting Standards Board Statement Number 27 "Accounting for Pension by State and Local Governmental Employers" parameters based on the actuarial valuations as of December 31, 2002 and December 31, 2003, the basis for determining the contribution rates for calendar years 2003 and 2004. The December 31, 2004 actuarial valuation is the most recent valuation.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

4. TRANSITION DISCLOSURE

It was determined in accordance with GASB Statement No. 27 that the pension liability was zero at transition to that statement effective at the beginning of the accounting year, because all actuarially required contributions for the accounting years beginning in 1987 up to the beginning of this accounting year have been paid.

There was no previously reported pension liability before the transition. Therefore, the difference between the pension liability at transition and the previously reported pension liability is zero.

E. DEFERRED COMPENSATION

In accordance with Internal Revenue Code (IRC) Section 457, the County offers all employees a deferred compensation plan. Under this plan, employees are permitted to defer a portion of their current salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. Public Employees Benefit Services Corporation (PEBSCO) administers the plan.

During the fiscal year ended September 30, 1998, the County exercised its option and transferred the assets of the deferred compensation plan created under Internal Revenue Code Section 457 to a trust held for the exclusive benefit of the participating employees and not accessible by the County or its creditors. For this reason and as required by Government Accounting Standard Board (GASB) Statement number 32, "Deferred Compensation Plans Under Internal Revenue Code Section 457", the County is not including the activity related to the deferred compensation plan in its financial statements.

The implementation of GASB Statement 32 did not have an effect on the financial statements of the County, which would require an adjustment to the equity section of the County in order to comply with Generally Accepted Accounting Principles.

F. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omission; injuries to employees; and natural disasters. The County established a department within the General Fund to account for property / casualty and liability insurance premium reserves and uninsured risks of loss up to \$50,000 per occurrence. In 1992, a Workers' Compensation Fund was created to finance worker's compensation claims for uninsured losses up to \$100,000 per employee claim, this enabled the County to account for and record losses and maintain reserves for on-the-job employee injuries.

In addition, the County continues to maintain an Employees' Health Benefits Fund for uninsured risk of loss for health insurance coverage for employees up to \$50,000 per employee per year.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

The Court set the rates for the County's funding plan levels, contributions and employees deductions. All funds with personnel cost participate in both the employees' health benefits and workers' compensation funds.

There was no significant reduction in insurance coverage from coverage in the prior year by category. The County purchases commercial insurance for claims in excess of coverage provided by each Fund and for all other risks of loss. Settled claims resulting from general liability exposure have not exceeded this commercial coverage in any of the past ten fiscal years. As of September 30, 2005 the claims liability of \$ 903,808 and \$ 95,920 are reported in the internal service funds. Changes in the respective funds claims liability amount for 1996 through 2005 fiscal years were:

Webb County Employees' Health Benefits Fund

Fiscal Year	Beginning of Fiscal Year Liability	Claims and Changes In Estimates	Claims Payments	Balance at Fiscal Year End
1996	569,189	1,652,880	(1,912,643)	309,426
1997	309,426	3,612,896	(3,575,115)	347,207

2004	31,806	1,021,409	(981,155)	72,060
2005	72,060	190,984	(263,472)	95,920

The Long-term risk liability is based on the requirements of Governmental Accounting Standards Board Statement No. 30, which require that a liability be reported if information prior to the issuance of the financial statements indicate that it is probable that a liability has been incurred at the date of the financial statements and that the amount of the loss can be reasonably estimated. Changes in the respective funds reserve amount in the fiscal year were as follows:

Webb County Employees' Health Benefits Fund

Fiscal Year	Beginning of Fiscal Year Liability	Claims and Changes In Estimates	Claims Payments	Balance at Fiscal Year End
1997	- 0 -	510,540	- 0 -	510,540
1998	510,540	82,870	- 0 -	593,410

2004	586,532	455,442	- 0 -	1,041,974
2005	1,041,974	(360,302)		681,672

In addition to the mentioned claims and judgments liabilities, if the County would cancel its health insurance policy it would be liable an estimated \$ 923,895. This amount includes \$ -0- in administration fees and \$ 923,895 in runoff medical, prescriptions and dental claims. This event is not considered probable; and therefore, is not accrued in the Employees Health Benefits Internal Service Fund.

G. COMMITMENTS AND CONTINGENCIES

The County has several purchase commitments outstanding at September 30, 2005. These commitments are as follows:

General Fund	\$	22,473
Special Revenue Funds		21,937
Capital Projects Funds		<u>- 0 -</u>
Total	\$	44,410

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

The County is subject to various litigation and claims (some of which are for substantial amounts) arising out of the course of its operations. The County Attorney and independent counsel assisting with several cases have reviewed the cases to arrive at estimates of the range of potential loss, if any, to the County. Loss contingencies considered probable were immaterial and required no accrual.

The County is the recipient of federal and state financial assistance and is subject to various laws and regulations governing the use of this funding. If the grantor agencies determine such programs were not operated in accordance with the related laws and regulations the County could be required to refund assistance received for such ineligible expenditures. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although the County expects such amount, if any, to be immaterial.

While the results of lawsuits or other proceedings cannot be predicted with certainty, the administration does not believe these matters will have a material adverse effect on the County's financial position.

There is not estimated arbitrage rebate liability required for the County as of September 30, 2005.

H. GENERAL FUND - FEDERAL / STATE REVENUE SOURCE

<u>Program or Source</u>	<u>CFDA Contract Number</u>	<u>Total Grant or Entitlement</u>
State of Texas, 77 th Regular Legislature's Session Texas Task Force on Indigent Defense - Formula Grant		95,113
Texas Department of Family and Protective Services Title IV-E County Legal Services To Foster Care Children	2003113071	65,000
Texas Department of Family and Protective Services Title IV Child Welfare Services Contract	2003113070	10,000

Texas Task Force on Indigent Formula Grant

The purpose of this grant is to assist the County in the implementation of the provisions of the Fair Defense Act and the improvement of the indigent criminal defense services. The grant revenue earned though the fiscal year was \$ 107,458.

Texas Department of Family and Protective Services Title IV-E County Legal Services to Foster Care for Children

The purpose of this grant is to provide fair, adequate, and expeditious judicial determinations regarding children eligible for services under subtitle IV-E of the Social Security Act, including the training of county staff in areas necessary for the administration of this portion of the state IV-E plan. The grant revenue earned through the fiscal year was \$ 110,610.

Webb County, Texas
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2005

Title IV Child Welfare Service Contract

The purpose of this grant is to provide financial assistance for foster care maintenance payments, administrative, and training expenses related to foster care and adoption. The grant revenue earned through the fiscal year was \$14,709.

I. OTHER POST RETIREMENT HEALTH CARE BENEFITS

In addition to pension benefits described in Note K, the County, as required by the Consolidated Omnibus Budget Reconciliation Act (C.O.B.R.A.), provides the option of post-employment health care coverage to all retired and terminated employees less than sixty-five years old with 100% of the premium paid by the employee.

There is no liability to the County associated with post-employment benefits provided unless the County fails to notify the eligible employee of said benefit by mail. Retired and/or terminated employees more than sixty-five years old are eligible for Medicare and do not qualify for benefits under C.O.B.R.A. The premiums collected and paid from ex-employees are accounted for through the Employees Health Benefit Fund.

The County established in January 2003 an Employees Retirees Insurance Fund for health insurance and funded the first year from an internal fund transfer. Employees who meet one of the following are eligible to participate in the retirement health insurance program:

1. Must not have already retired from the County nor have already been enrolled or received benefits under this plan.
2. Must have four years of continuous employment with the County prior to retirement; and
3. Must be covered as an active employee under the County health insurance plan at the time of retirement; and
4. The employee must meet one of the following additional criteria:
 - a. Age 59 plus 8 years of County employment, or
 - b. Obtain rule of 75, based on government employment with the State of Texas, a Texas County, or a Texas City of which a minimum of six years of employment must be with the County,
 - c. Twenty years of employment with The County.

Cost to retirees younger than 59 years of age up to the age of 64 is \$100 per-month and cost for dependent coverage is \$200. The retiree's cost at age 65 (silver choice) is 100% less \$ 100 county contribution and 100% cost of coverage. As of September 30, 2005 there are 23 in the group and 7 in the silver choice plan.
