Webb County to Offer Prescription Discount Card That Can Be Used by All Residents

When: Wednesday, August 15, 2007
10:00 am

Where: 1110 Washington St.
Webb County Administration Building
1st Floor Conference Room

Why: Webb County will be introducing a discount card program to help consumers cope with the high price of prescription drugs. The free cards offer average savings of 20 percent off the retail price of common medication. "The National Association of Counties has made the prescription discount card program easy to use at any participating pharmacy," said Commissioner Jerry Garza. "For example, there are no membership fees, enrollment fees or use restrictions. Every family member can use the card, and it can offer savings when their prescriptions are not covered by insurance."
