President's Day Bingo

The Fred M. & Anita Bruni Community Center with the help of Vista Volunteers, Lupita Perez and Nancy Martinez, hosted a President's Day celebration for the children of Peñitas. The kids played bingo with the President's names and all of them walked away with a gift. Along with the games, the kids were treated with Hot Dogs, chips and a drink. There were about thirty kids in attendance making this activity a great success.

Clothes Donation

Also this month we were fortunate to have received a big donation of clothes which was a great help to many colonia families from Peñitas. There were all sort of clothes that were given away, including school uniforms and a lot of baby clothes. The residents were all very appreciative of this donation.

STCADA HIV Awareness

On February 24, STCADA was at the center offering tips on how to prevent a person from getting infected with the HIV virus. The class, which was for women only, was very informative and very educational. The women who attended were all very interested in the subject and asked many questions. We are hoping STCADA will come again and give another class for men this time.
